## PROJECT PARTNERS

Olemisen Balanssia RY is a research-based organization founded in 2014 in Raisio, Southwest Finland. The main focus of our work is the definition of educational needs, with activities focussed on data collection, structured research, and experimental assessment of results through digital piloting. Inspired by the Finnish educational model, we prioritize 21st-century competencies and result-oriented learning outcomes alongside cutting-edge educational technologies.

Bursa Hürriyet Anadolu Lisesi is located in Bursa, with a population of nearly 3 million and wide job areas. It is 1.5 hours to İstanbul and has its own airport. It has been an Anatolian High School (focuses on EFL and has accepted students with a good grade in the national test) between 2005-2018. But it has started to accept its students without any exam since then. It has 36 classroom, 2 art, 1 music labrotory, one library and one multi-purpose hall. However it offers the necessary facilities, wi-fi in whole parts, and smart boards actively used for 1374 students aged 14

-18 and 76 teachers. In addition to active participation in local and national projects every year, school has been coordinating an EU project internationally. Moreover, it has also participated in social, sports, artistic and cultural activities and had a great success each year.
